

PSCB DEV Pro - Custom Reports (EUI Menu Links) Installation Guide

PSCB DEV Pro - Custom Reports (EUI Menu Links) * Installation Required *

Description

This plugin creates a **PSCB DEV Reports – EUI Menu Icon** on the left navigation pane of the PowerSchool Home page.

The link provides access to a slide out menu displaying custom links by category for all PSCB DEV reports.

Requirement: All PSCB DEV Pro – Custom Reports plugins must be at version 24.1 or higher.

Installing PSCB DEV Pro - Custom Reports (EUI Menu Links)

Download Plugin

- Use your browser to navigate to the [PSCB DEV Development](#) web site.
- Login to the website.
- Click the **PSCB DEV Pro Reports** link on the Main Menu.
- Download the **PSCB DEV Pro – Custom Reports (EUI Menu Links)** plugin.

Install Plugin

- Log into your PowerSchool server.
- Click on System Management in the left menu.
- Click on Server from the System Management menu.
- Click on Plugin Configuration from the Server Setup menu. The Plugin Management Dashboard will appear.
- Click Install.
- The Plugin Install page will appear.
- Click Choose File and navigate to the location where you downloaded the **PSCB DEV Pro - Custom Reports (EUI Menu Links)** plugin.
- Select the file and Click Install.
- A confirmation message, “**The plugin was installed successfully**”, will appear.
- Click the empty checkbox next to plugin name: **PSCB DEV Pro Reports - EUI Menu Links**. The Enable Plugin Screen will appear.
- Click the Enable button located at the bottom of the screen to activate the plugin files.
- A confirmation message, “**Plugin was successfully enabled**”, will appear.

Update the PSCB DEV Pro Reports EUI Menu
