Daily Attendance

Daily Attendance - Audit Changes
 Daily Attendance - Consecutive Days Absent
 Daily Attendance - Count / Points

Daily Attendance - Current Date Summary

Daily Attendance - Selected Date Range
 Daily Attendance - Search by Frequency

Meeting Attendance

Meeting Attendance - Audit Changes
 Meeting Attendance - Count / Points

Meeting Attendance - Current Date Summary
 Meeting Attendance - Selected Date Range

Meeting/Daily Attendance - Selected Date Range

Meeting Attendance - Search by Frequency

Meeting Attendance - Teachers Missing Attendance

Meeting Attendance - Teachers Missing Attendance Percent

School Attendance

School Attendance - Chronic Daily Absent Metrics
 School Attendance - Daily Attendance Metrics
 School Attendance - Daily Attendance Summary by Date/Code
 School Attendance - Daily Attendance Summary by Date/Totals
 School Attendance - Daily Attendance Percent

Student Attendance

Student Attendance - Chronic Daily Absent Alert
 Student Attendance - Daily Absent/ADA Summary Totals

Student Attendance - Daily Absent/Monthly Summary
 Student Attendance - Daily Dates and Count Summary
 Student Attendance - Daily Historical Summary
 Student Attendance - Daily/Meeting Summary List
 Student Attendance - Meeting Dates and Count Summary

Description

Daily attendance changes for a selected date range.
 Find students who have N consecutive absences during a selected date range.
 Daily Attendance list of students with attendance counts/points matching min/max parameters.
 Daily attendance summary list for the current date. Report includes YTD totals for each student.
 Daily attendance list for a selected date range, attendance codes and selected students.
 Daily Attendance search by frequency for selected date range, codes and minimum number of occurrences.

Description

Meeting attendance changes for a selected date range.
 Meeting Attendance list of student classes with attendance counts/points matching min/max parameters.
 Meeting attendance summary list for the current date.
 Meeting attendance list for a selected date range, attendance codes and selected students.
 Meeting/Daily attendance list for a selected date range, attendance codes, and selected students. Daily Attendance code is displayed for each student.
 Meeting Attendance search by frequency for selected date range, codes and minimum number of occurrences.
 List of teachers that have not submitted meeting attendance for a selected date / date range and period(s).
 Report listing teacher meeting attendance taken percent rate for class/date range.

Description

Daily Attendance metrics for various student sub groups and an ADA Threshold.
 Daily Attendance metrics for various student sub groups.
 Daily Attendance summary of attendance codes for a selected date range.
 Daily Attendance summary totals for a selected date range.
 Daily Attendance percent for a selected date range.

Description

Daily attendance list of students with a specified ADA Threshold.
 Daily Absent/ADA and Tardy summary totals for selected students, date range, and total days absent/tardy.
 Daily Absent monthly summary for selected students.
 Lists Daily Absent/Tardy counts and dates for selected students.
 Daily Attendance historical summary for selected students.
 Daily/Meeting attendance summary totals for a selected student and date range.
 Lists Meeting Absent/Tardy counts and dates for selected students.

PSCB DEV Pro - Custom Reports (Contacts)

6

Custom Reports - Contacts

Contacts - Duplicates
Contacts - Phone Number Search
Contacts - Students List

Description

View Duplicate Contacts list.
Search all contact phone numbers for a partial or complete phone number match.
Lists contacts information and associated students.

Custom Reports - Students

Students - Contacts Access List

Students - Contacts Address List
Students - Contact Information List

Description

View a list of students whose contacts have/have not accessed their accounts for a selected date range.
Lists contacts address information for each student.
Lists contacts information for each student.

PSCB DEV Pro - Custom Reports (Data Analyzer)

2

Custom Reports - Data Analyzer

Student List w/Data Analyzer
Pivot Table Builder

Description

Create student lists and pivot tables with Data Analyzer.
Create pivot table using csv and txt files.

PSCB DEV Pro - Custom Reports (Enrollment)

15

Enrollment Summary Reports

Enrollment - Current Date
Enrollment - Homeroom
Enrollment - Monthly

Enrollment - Next Year Projection
Enrollment - Selected Date
Enrollment - Student Historical Summary
Enrollment - Team

Description

School(s) current date enrollment summary.
School current date homeroom enrollment summary.
School(s) monthly enrollment summary. (Note: At the district level the report may require additional time to complete.)
School(s) projected enrollment summary for the next school year.
School(s) selected date enrollment.
Student historical enrollment summary.
School current date homeroom enrollment summary.

Enrollment Search Reports

Enrollment Search - Entry/Exit Code Totals
Enrollment Search - Entry Codes
Enrollment Search - Exit Codes
Enrollment Search - Retained Students
Enrollment Search - Student Entry/Exit Summary
Enrollment Search - Student Years Enrolled
School Transfers - Current Year

Special Program Enrollments - Current Year

Description

Search for entry/exit code summary totals for a selected school(s).
Search for student entries for a selected date range and entry code.
Search for student exits for a selected date range and exit code.
List all students who have been retained from the previous school year.
Search student enrollments for entries and exits within a selected date range.
Search for how many years students have been enrolled in the district.
List all students that have transferred to another school or re-enrolled the same school during the current school year.
List all students with current year special program enrollments.

PSCB DEV Pro - Custom Reports (Fees)

5

Fees Reports

Fees Balance
Fees List
Fees Report
Fees Transactions List
Fees Transactions Report

Description

View fee balance report for a selected date range.
View fees list for a selected fee type and date range.
View fees report for a selected Date Range, Fee type and Fee Category.
View transactions list for a selected fee type and date range.
View fee payment transactions for a selected Date Range, Transaction Type and Payment Type.

PSCB DEV Pro - Custom Reports (Grading)

31

Grading - PT Pro Gradebook

Class - Assignment Metrics
Class - Category and Assignments Summary
Class - Grades and Assignment Scores

Class - Grades By Activity
Class - Grades and Comments
Class - Grades Search
Class - Grades Verification
Class - Percent Grades Range
Class - Student Assignments Status
Gradebook - Categories
Gradebook - Class Descriptions
Gradebook - Manual Override Grades
Gradebook - Missing Grades
Gradebook - Out of Sync Grades
Gradebook - Out of Sync Numeric Grades
Gradebook - Percent Change

Gradebook - Section Metrics
Gradebook - Section Readiness
Gradebook - Teacher Preferences
Gradebook - Traditional Grade Calculations
Gradebook - Update Status

Description

View assignment metrics for a selected term and teacher.
View Category / Assignments Summary for a selected term and teacher.
View student grades and assignment scores for a selected section and grade reporting term.
View student grades for a selected activity and grade reporting term.
View Teacher Grades and Comments for a selected grade reporting term.
View all Gradebook Letter Grades for selected low grades(s) and grade reporting term.
View all Stored/Gradebook Grades for a selected teacher.
View all Teacher Percent Grades for a selected percent range and grade reporting term.
View a list of assignments and details for selected student(s).
View a list of teacher gradebook categories.
View a list of teacher class descriptions and custom names.
Search for manual override grades in a teacher's gradebook.
Search for missing grades in a selected teacher's gradebook.
View all out of sync gradebook grades / stored grades.
View all out of sync gradebook numeric grades.
View a list of students who have a specified percent change between two grade reporting terms.
View section metrics for selected grade reporting term, teachers and departments.
View a list of verified/unverified gradebook sections for a selected grade reporting term.
View a list of teacher gradebook preferences.
View a list of traditional grade calculation setups for each class.
Search for gradebooks that haven't been updated in X days.

Grading - Stored Grades

Stored Grades - By Course/Teacher
Stored Grades - By Student
Stored Grades - Duplicate Grades
Stored Grades - Honor Roll
Stored Grades - Missing / Blank Grades
Stored Grades - Search
Stored Grades - Search (Grade Modifications)
Stored Grades - Summary
Student Earned Credits Summary By Credit Type
Student Potential/Earned Credits Summary

Description

View all Stored Letter Grades/Percents for a selected course or teacher.
View all Stored Letter Grades/Percents/Earned Credits for selected group of students.
Search for duplicate stored grades.
Lists Honor Roll students for a selected store code, method and level.
Search for missing / blank stored grades.
Search all Stored Grades for a selected store code and letter grade.
Search for Stored Grades modifications for a selected store code.
View Stored Grades Summary Totals By Teacher and Section.
Lists Potential/Earned Credits for each Credit Type.
Lists a yearly summary of Potential/Earned Credits for each student.

PSCB DEV Pro - Custom Reports (Health Office)

7

Health Office Reports

Health Office Visits (Category Counts)

Health Office Visits (Logs)
Health Office Visits (Outcome Counts)

Health Office Visits (Students Counts)
Health Concerns
Health Modification Inventory
Health Monitoring

Description

View a list of Health Office Visits (Category Counts) for a selected date range and visit type.
View a log of Health Office Visits for a selected date range and visit type.
View a list of Health Office Visits (Outcomes Counts) for a selected date range and outcome type.
View a list of Health Office Visits (Students Counts) for a selected date range.
View a list of Health Concerns for a selected date range.
View a list of Medication Inventory for a selected date range.
View a list of Health Monitoring for a selected date range.

PSCB DEV Pro - Custom Reports (Incidents)

10

Incidents

Incident Count By Code
Incident Count By Code Metrics
Incident Search

Incidents with Multiple Offenders
Incidents with Non-Student as an Offender
Incidents without an Offender
Student Incident Count

Student Incident Search

Description

List a count of incidents for a selected code type(s) and date range.
List a count of incidents by gender, grade level and ethnicity.
Lists incidents by the chosen filter options of School, Code Type, Category, Sub-Category, and a specified date range.
Lists incidents that have multiple offenders associated with the incident.
Lists incidents that have a Non-Student as an Offender.
Lists incidents that do not have any offender associated with the incident.
Lists students and the number of incidents for each student. Can be run for all students or the currently selected students.
Lists incidents by the chosen filter options of School, Code Type, Category, Sub-Category, and a specified date range.

Incident Setup Validation

Setup Details
Setup Summary

Description

Lists detailed Incident Management setup information for a selected code type.
Lists summary Incident Management setup information for a selected code type.

PSCB DEV Pro - Custom Reports (Log Entries)**1****Log Entries**

Log Entries Summary

Description

View a list of student log entries for a selected log type and date range.

PSCB DEV Pro - Custom Reports (Lunch)**2****Lunch**

Student Lunch Balances

Student Lunch Status Summary

Description

View a list of student lunch balances.

View student lunch status summary counts.

PSCB DEV Pro - Custom Reports (Misc)**7****Misc Lists**

Activity Membership Count

Activity Membership List

Age Report

Birthday List

Siblings List

Single Mailing List

Student Alerts List

Description

View membership counts for school activities.

View membership list for a selected school activity.

View age/birthday list for selected parameters.

View birthday list for a selected month.

Lists all students matched by Home Phone, Physical Address or Mailing Address (current school).

Lists youngest child at the address (current school).

View student list for a selected Alert type.

PSCB DEV Pro - Custom Reports (PowerScheduler)**29****Pre Build Reports**

Course - Conflict List

Course - Schedule Preferences

Course - Recommendations

Course - Recommendations Not Given

Course - Relationships

Course - Request Tally

Course - Requests / Sections Tally

Course - Requests by Student or Course

Room - Schedule Preferences

Student - Duplicate Schedule Requests

Student - Invalid Schedule Requests

Student - No Schedule Course Requests

Student - Repeated Course Requests

Student - Request Tally

Student - Schedule Preferences

Teacher - Course Assignments

Teacher - Schedule Preferences

Description

Lists course scheduling conflicts.

Lists course scheduling information.

Lists course recommendations for the future year.

Lists course, section and student information for those instances where a course recommendation was not given.

Lists all course relationships.

Lists number of requests and alternates for each course.

Lists the number of requests, target sections, section average and max enrollment for each course.

Lists all requests for selected student(s) or course(s).

Lists room scheduling information.

Lists students with duplicate course requests.

Lists students with invalid course requests.

Lists students with no course requests.

Lists all repeated course requests for current and historical classes.

Lists number of requests and alternates for each student.

Lists student scheduling information.

Lists teacher scheduling course assignments

Lists teacher scheduling information.

Post Build Reports

Room - Availability
Room - Conflicts
Schedule - Course Enrollment Summary

Schedule - Master Schedule List

Schedule - Pre Commit Validation Report
Schedule - Results by Grade
Schedule - Sections Enrollment Summary

Student - Non Scheduled Course Requests
Student - Non Scheduled Periods
Student - Scheduled Requests
Student - Scheduled Requests Summary
Teacher - Non Scheduled Periods

Description

Find all available rooms for a specified term, period and day in the rotation
Find all rooms that have more than 1 section scheduled during a day and period.
Lists Seat Available, Primary Requests, Alternate Requests, Seats Filled, Seats Vacant and Unfilled Primary Requests for each course.
Master Schedule list with sort and filtering parameters including team, house and section type.
Validation report to run before the Commit Schedule process is completed.
For current school, percentages of scheduled and unscheduled students.
Lists active section enrollments by grade level, gender, track and total students for a selected term.
Lists students with non-scheduled course requests.
Lists students with non-scheduled periods.
Indicates primary and alternate requests scheduled for each student.
Lists a scheduled requests count/percent summary for each student.
Lists teachers with non-scheduled periods.

PSCB DEV Pro - Custom Reports (Public Portal)

6

Public Portal

Guardian Account Details

Guardian/Student Login Count
Parent/Guardian Account Not Created
Public Portal - Accounts Accessed (Selected Date Range)

Public Portal - Accounts Accessed (Since Selected Date)

Student Account Details

Description

View a list of Public Portal Guardian Accounts. Includes email address and a count of linked students.
View Guardian/Student access counts and information.
View a list of students whose Parents/Guardians has not created an account.
View a list of students whose Parents/Guardians have/have not accessed their accounts for a selected date range.
View Guardian/Student list of accounts that have/have not been accessed since a selected date.
View a list of Public Portal Students Accounts. Includes count of linked guardian accounts.

PSCB DEV Pro - Custom Reports (Scheduling Current Year)

25

Scheduling (Current Year)

Course - Enrollment Counts
Course - Information

Room - Availability
Room - Conflicts
Sections - Dependent Sections List
Sections - Details Report

Sections - Enrollment Summary

Description

Count of active student enrollments for each course.
Course Information list showing Credit Hours, Exclude From GPA, Exclude From Honor Roll, Exclude From Class Rank, and Grade Scale.
Find all available rooms for a specified term, period and day in the rotation.
Find all rooms that have more than 1 section scheduled during a day and period.
Lists all sections with dependent section links.
Detailed report listing Attendance Taken, Scheduling Info, Enrollment Data, Grades Distribution and Grades Verification for each section.
Lists active section enrollments by grade level, gender, track and total students for each section.

Sections - Master Schedule List
Sections - No Room Assigned

Students - Class Roster
Students - Current Class
Students - Dropped Classes
Students - Enrolled in AP Courses
Students - Enrolled in a Course
Students - Enrolled with a Teacher
Students - Multiple Enrollments

Students - Non Scheduled Periods
Students - Not Enrolled in a Course
Students - Schedule Conflicts
Students - Schedule Credits Summary
Students - Schedule Requests Summary

Teacher - Class Counts
Teacher - Count Per Section
Teacher - Non Scheduled Periods
Teacher - Sections Count
Teacher - Sections List

Lists section information for the Current Year Master Schedule.
Find all sections that have no room assigned for a specified term, period and day in the rotation.
List all current classes for selected students, course, teacher or term.
Lists the current class for a selected group of students.
Lists all dropped classes for a selected date range, course and teacher.
Lists all students enrolled in AP courses.
Lists all students enrolled in a selected course.
Lists all students who are enrolled in classes with a selected teacher.
List students who are enrolled in the same course multiple times for the same or different terms.
List students with non scheduled periods.
Lists all students who are not enrolled in a selected course.
Lists students who have section enrollment conflicts.
Lists students total schedule credits for the current year.
Student summary list of Scheduled Requests, Non Scheduled Requests and Scheduled without a request.
Teacher class counts and section averages.
List the sections that have more than 1 teacher assigned to the section.
Find all periods where a teacher in this school does not have a course on a given day.
List section counts for Lead Teacher and Non-Lead Teacher assignments.
List of teacher schedules including Lead Teacher and Non-Lead Teacher assignments.

PSCB DEV Pro - Custom Reports (Scheduling Future Year) 10

Scheduling (Scheduling Future Year)

Course Recommendations
Course Recommendation Not Given

Course Request Tally
Master Schedule List - PowerScheduler
Master Schedule List - PowerScheduler (Team/House)
Student No Schedule Course Requests
Student Non Scheduled Course Requests
Student Request Tally
Student Scheduled Requests
Student Scheduling Setup (Next Year)

Description

Lists course recommendations for the future year.
Lists course, section and student information for those instances where a course recommendation was not given.
Lists number of requests and alternates for each course.
Master Schedule list with sort and filtering parameters.
Master Schedule list with sort and filtering parameters.
Lists students with no schedule course requests.
Lists students with non scheduled course requests.
Lists number of requests and alternates for each student.
Indicates primary and alternate requests scheduled for each student.
Lists student scheduling setup information for the Next Year.

PSCB DEV Pro - Custom Reports (Standards) 4

Standards Reports (School Based)

Standards - Assignments Count Summary
Standards - Grades Count Summary
Standards - Grades Search
Standards - Summary List

Description

Displays assignments count summary for individual standards.
Displays grades count summary for standards and selected term.
Search Tool for standards grades.
Lists current year standards.

PSCB DEV Pro - Custom Reports (Student Data Verification) 6

Data Verification Reports

Counselor List
Demographics

Email / Physical / Mailing Address
Enrollment Data

Ethnicity / Federal Race Categories
Field Data Verification / Count

Description

List student counselors.
Lists student demographics data including Name, Legal Name, Gender and Legal Gender.
Lists student email / physical / mailing address and home phone.
Lists student enrollment data including status, entry date, exit date, FTEID and membership share.
Lists student ethnicity/race categories data.
Lists student data for a selected field.

PSCB DEV Pro - Custom Reports (System Administration) 6

System Admin Information

Admin User List
CPM File/Folder Report
CPM Plugin Information
Security By Group
User Login Count
User Login Report

Description

View Role Assignments for admin users in a selected Security Group.
Lists all files that are customized in Custom Page Management (CPM).
Detailed list of all CPM Plugins Information.
View group security settings for various student screens.
List of login counts for a selected security group, date range or login type.
Search for login information using parameters of date, time, login type, logout reason and IP address.

PSCB DEV Pro - Custom Reports (Testing) 1

Testing

Student Test Scores

Description

View a list of student test scores for a selected test type and school year.

PSCB DEV Pro - Custom Reports (Transportation) 4

Transportation

Transportation List
Transportation List (Daily Attendance)
Transportation Bus List
Transportation Bus Counts Summary

Description

View a list of student transportation information.
View a list of student transportation with daily attendance.
View a list student bus numbers.
View bus counts summary list.

School Validation

Attendance Code Categories Setup
Attendance Codes Setup
Attendance Conversion Setup
Bell Schedule Setup
Calendar Days In Session Summary
Calendar Setup
Final Grade/Reporting Term Setup
FTE Setup
Invalid Enrollment Dates
Invalid Entry Dates

Year End Setup Validation
Year End Setup Errors
Years and Terms Setup

Description

Lists the school Attendance Code Categories Setup information for the current year.
Lists the school Attendance Codes Setup information for the current year.
Lists the school Attendance Conversion Setup information for the current year.
Lists the school Bell Schedule Setup information for the current year.
Lists all schools and the number of days each school is in session for the current year.
Lists the school Calendar Setup information for the current year.
Lists the school Final Grade Setup information for the current year.
Lists the current year FTE Setup information for all schools.
Lists all students with exit dates before their entry dates.
Lists all students whose Entry Date does not fall within the first and last days of the current school year.
Lists the next year grade, school and promotion status for each student.
Lists possible errors in the next year grade/school setup for each student.
Lists all schools Year and Terms Setup information for the current year.
